TURBO TIGERS 2020

24 FEB - 10 MAR 2020

TURBO TIGERS - INDIA 2020

All Tiger photos and other wildlife shots featured in the trip notes were taken by Peter on previous trips!

JOIN PETER LAMBERT ON THIS TRULY UNIQUE EXPERIENCE

Wildlife can never be guaranteed, especially tiger sightings; however this trip will be as close as you can ever get to sighting these endangered big cats in their natural habitat. We will visit 3 National Parks, namely Ranthambhore, Tadoba and Kanha. Ranthambhore is India's iconic park for Tigers, with some spectacular settings of old decaying hunting lodges now visited by the very animals that were once hunted there. At Tadoba and Kanha we have always had excellent Tiger sightings of both mothers with cubs and large solitary males. We believe the choice of these three National Parks has "turbo charged" our chances of Tiger sightings!

16 DAYS
