AUSTRALIA'S ICONIC KIMBERLEY (LE BELLOT)

Set sail for the wild and grandiose landscapes of the Kimberley, following this exceptional PONANT itinerary. From Broome to Darwin, embark for an 11-day expedition cruise. In one of the most picturesque parts of the region, the Hunter River, you will see wild mangrove forests where saltwater crocodiles live along with many species of birds. The highpoint of this cruise will undoubtedly be the discovery of the King George River and the majestic Twin Falls, the highest single drop waterfall in Western Australia. You will also visit Collier Bay, where you will be able to admire a spectacular example of the impact of the tides cascading in mini-waterfalls as the entire Montgomery reef appears to rise from the turquoise-blue waters of the bay. Your ship will take you along one of the most spectacular coasts in the entire region. With their falls, abrupt gorges, savannah, and calm waters, the wild lands of Kimberley are the promise of an exceptional adventure. Please note: your voyage rates include Transfer in Broome from city to port.

ITINERARY

Day 1 BROOME *

Located in the northwest of the Kimberley region and in the far north of Western Australia, the town of Broome is reputed for its history and its glorious pearling era. The fascinating Chinatown district which is the historic city centre and the famous Japanese Cemetery, which dates from 1896, allows to discover the city's past marked by the immigration of numerous Chinese and Japanese workers, attracted by the prosperous pearl industry at the end of the 19th century and at the beginning of the 20th century. Broome is also famous for the "Staircase to the Moon", an optical illusion created by the Moon reflecting on the sand banks at low tide, like a staircase climbing up towards the sky, a unique spectacle provided by nature...

Day 2 LACEPEDE ISLANDS *

The Lacepede Islands are Western Australia's most important breeding habitat for Green Turtles (*Chelonia mydas*), and have been named by BirdLife International as an Important Bird Area (IBA). The breeding colony of Brown Boobies is possibly the largest in the world. Up to 20,000 Roseate Terns have also been recorded here. Other birds breeding on the islands include Masked Boobies, Australian Pelicans, Lesser Frigatebirds, Eastern Reef Egrets, Silver Gulls, Crested, Bridled and Lesser Crested Terns, Common Noddies, Pied and Sooty Oystercatchers. Join your expedition team for a guided Zodiac® tour to view the prolific wildlife. Due to the sensitive nature of the environment, landings are prohibited on the Lacepede Islands.

Days 3 - 4 COLLIER BAY *

Collier Bay is located on the rocky and deserted coast of one of the most remote regions of the Kimberley, that visitors can only approach by ship. The tidal movements, amongst the largest range of anywhere on the planet create amazing phenomena as seawater comes in or out: the "Horizontal Waterfalls", a waterfall up to 4 metres high between the narrow passages of the vertiginous cliffs in Talbot Bay or Montgomery reef, a spectacular example of the impact of these tides cascading in mini-waterfalls as the entire reef appears to rise from the turquoise-blue waters of the bay. Containing large areas of shallow lagoon, seagrass beds and corals, Montgomery reef is Australia's largest inshore reef. In this majestic landscape, you enter an aboriginal area. Some outstanding open air painted caves galleries alluding to their myths of creation can be observed after a hike on the hills. As we are at the mercy of weather and tide conditions in this region, the activities mentioned below are only possible experiences and can't be guaranteed.

Day 5 CAREENING BAY *

Careening Bay was named by Lieutenant Phillip Parker King after his ship, HMC Mermaid, was careened there during his third voyage of discovery in 1820. King surveyed the western coast to complete the map initiated by Flinders 20 years earlier. The Mermaid had been leaking badly and King needed to find a shallow sandy bay where he could careen his boat to undertake repairs. At a high tide, on a warm September afternoon, he ran the Mermaid onto the sands. For ten days the Mermaid crew worked hard before refloating the vessel. The ship's carpenter carved the name of the vessel and the year into a conspicuous boab tree. The famous boab tree is now 3 metres wide and National Heritage listed. A reminder of a bygone era of exploration!

Day 6 HUNTER RIVER *

Arguably one of the most scenic parts of the Kimberley coast, Prince Frederick Harbour and the Hunter River are lined with ancient rainforest pockets, pristine mangroves and mosaic sandstone cliffs. They are considered to be some of the most pristine mangrove forests in the world, containing up to 18 different species, supporting a rich and diverse fauna. The sandstone escarpment at the river mouth, known as "Kampamantiya" rises over 200 metres high before giving way to extensive mud banks and mangrove forests home to numerous bird species and the iconic saltwater crocodile. Our expert Expedition Team will share their knowledge with you as you explore this pristine mangrove environment by Zodiac® keeping a constant lookout for wildlife. You will also have the opportunity to reach the Mitchell Falls by helicopter from Naturalist Island beach.

Day 7 SWIFT BAY *

The Bonaparte Archipelago, is a stunningly rugged maze of islands stretching almost 150 km along Western Australia's remote Kimberley coast. Its colour and scale conspire to take one's breath away. Its distant location has meant it has remained an unspoiled and remarkably pristine location to explore and experience. Phillip Parker King named "Swift's bay" after Jonathon Swift (1667-1745) the author of Gulliver's travels. The 'T' shaped bay is composed of heavily fractured sandstone providing an abundance of rock shelters. On the walls of these shelters are examples of both Wandjina and Gwion Gwion style rock art. Join your expedition team ashore for a guided walk to a number of rock art galleries depicting these unique rock art styles.

Day 8 VANSITTART BAY *

Jar Island contains ancient rock art galleries depicting the Gwion Gwion style unique to the Kimberley region. Mainly neglected by, or unknown to, the early European researchers of Aboriginal culture in the Kimberley in favour of the dominant and more dramatic Wandjina art, Gwion Gwion art has in recent years gained world prominence. It is generally thought that this art may extend back to over 30,000 years before our time and represents the first wave of seagoing colonisers of the Australian continent. As it is, these are the oldest detailed depiction of human figures in the world. Join your Expedition Team ashore for a short walk, past some fascinating rock formations, to the site of the Gwion Gwion art galleries.

Day 9 KING GEORGE RIVER *

The journey up the King George River is nothing short of breathtaking. The 80-metre-high sides of the gorge display varying degrees of weathering of the ancient Warton sandstone. The colours and textures of the gorge change with the light as you travel further up the river creating a continual changing scenery that is simply stunning. The journey culminates at the King George

twin falls; the highest single-drop falls in the whole of the Kimberley (80 m or 260 ft). Fed by wet season run-off the level of water cascading over the falls varies from year to year. Your Expedition Team will escort you in either the Zodiacs® or ships tenders to the foot of the twin falls, and explain all about the stunning geological formations of the canyon.

Day 10 AT SEA *

During your day at sea, make the most of the many services and activities on board. Treat yourself to a moment of relaxation in the spa or stay in shape in the fitness centre. Depending on the season, let yourself be tempted by the swimming pool or a spot of sunbathing. This day without a port of call will also be an opportunity to enjoy the conferences or shows proposed on board, to do some shopping in the boutique or to meet the PONANT photographers in their dedicated space. As for lovers of the open sea, they will be able to visit the ship's upper deck to admire the spectacle of the waves and perhaps be lucky enough to observe marine species. A truly enchanted interlude, combining comfort, rest and entertainment.

Day 11 DARWIN *

Darwin is located in Australia's Northern Territory which is also known as the "Top End". It is the capital city and the most populated town of the Northern Territory. Darwin is a beautiful tropical city, a melting pot of people and cultures, over 50 different cultures live and work side by side that prides itself in its unique and friendly laid-back lifestyle. Come discover the town's still recent history through its emblematic buildings such as the new Parliament House opened in 1994, a magnificent example of tropical architecture or Admiralty House declared heritage place, a tropical-style home elevated on stilts that has survived two cyclones and numerous air raids.

Please Note: *

This itinerary is given as an indication only. Based on tide times and weather conditions, the Captain and the Expedition Leader may need to switch the order of certain ports of call around to ensure guests have the best possible experience.

YOUR SHIP: LE BELLOT

YOUR SHIP:	Le Bellot
VESSEL TYPE:	Luxury Expedition / Cruise Ship
LENGTH:	131 metres
PASSENGER CAPACITY:	184
BUILT/REFURBISHED:	2019-2020

Featuring innovative and environmentally-friendly equipment, elegantly designed staterooms, spacious suites with large windows, and lounge areas that open onto the outside, this new limited-capacity yacht boasting just 92 staterooms and suites will offer you a truly unique cruising experience.

As the first ship in a new series that remains true to the Ponant spirit, Le Bellot will embody the unique atmosphere that is the cruise line's hallmark: a subtle blend of refinement, intimacy and comfort.

Aboard this ship that flies the French flag, you will experience the incomparable pleasure of an intimate cruise, with the possibility of exploring an ever-increasing range of destinations in an ethnic-chic ambiance with luxury service.

Experience a luxurious setting where the accent is on authenticity and passion for travel.

RESTAURANTS

As it is an essential part of French culture, gastronomy will naturally have pride of place aboard this

new ship.

To the back of Deck 4, you will find a 260 m² panoramic restaurant which can accommodate all of our passengers in a single sitting. Designed differently to that on our other ships, this dining area, which opens onto the outside, will have a buffet of salads, desserts and cheeses at your disposal. Our discreet and attentive crew will provide table service for hot meals.

In a relaxed atmosphere, an outdoor grill on Deck 3 will serve grilled meats with a variety of salads and desserts.

PUBLIC AREAS

Le Bellot has many common areas that are designed and equipped to meet all of your needs while preserving the intimacy of each passenger.

A 140 m² reception area includes:

A reception/concierge desk,

An excursions desk,

The ship's administrative services,

The sales office, manned by our Guest Relations Officer,

Our 50 m² boutique which sells clothing, jewellery, beauty products, postcards and various accessories,

Toilets accessible to passengers with reduced mobility.

A new hydraulic platform with adjustable height provides:

Easier boarding than on any other cruise ship,
Easier Zodiac embarkation and disembarkation for expeditions,
Easier access to the sea for swimming and practising various
water sports such as kayaking or paddle-boarding.

A pool deck offering:

A pool with a panoramic view, equipped with a counter-current
swimming system,

A pleasant solarium,

An outdoor bar and lounge with armchairs and sofas.

A 200 m² main lounge which can accommodate all of our
passengers to share convivial moments and to host activities
organised during the day or evening.

Lastly, a theatre that seats 188, equipped with:

The latest sound and lighting technology,

A LED wall as the stage backdrop, for the projection of
high-resolution images and videos.
