

## CHRISTMAS ISLAND

**An island brimming with unique wildlife amongst tropical jungle and surrounded by magical reef, Christmas Island is often referred to as 'Australia's Galapagos'**

There are plenty of natural attractions. The famous red crabs cover the island, along with the giant robber crabs. Rare birds including the red footed and brown boobies, frigate-birds and golden bosun attract bird watchers from across the world.

Snorkelling and diving is spectacular with whale sharks, manta rays, dolphins and tropical fish in abundance.

## COCOS KEELING ISLANDS

**As an atoll made up of 27 islands, Cocos Keeling Islands are picture perfect. Each island is covered in palm trees, white beaches and surrounded by crystal clear water.**

There is plenty to do in and above the water – snorkel and dive to see reef sharks, mantas, turtles, colourful fish and a lone dugong. Also kite surf, wind surf or simply snorkel from any of the bays.

Explore the islands with a motorised canoe tour, or take the ferry to Home Island, where the Cocos Malay community is based, or to Direction Island which has been listed as the best beach in Australia by 101 Best Beaches.

Accommodation on Christmas Island is varied, from rustic self-contained cabins to tropical villas and a new secluded eco lodge. Options include retreats for singles and couples, small families or larger groups travelling together. Some properties are hired for exclusive use.

# COCOS KEELING ISLANDS FACTS AND MAP

## GENERAL

Cocos Keeling Islands consist of 27 coral islands encircling a lagoon. Each island is made up of white sand, plenty of palm trees and surrounded by sparkling blue water – very much the remote tropical paradise that you see in pictures.

Of the 27 islands, only two are inhabited; West Island and Home Island. You'll spend most of your time on West Island, where the airport and most accommodation and shops are. There are several daily ferries to Home Island where the local Cocos Malay community live so you are able to visit. Ferries also run to Direction Island where you will find the 2017 winner of Best Beaches of Australia, Cossies Beach!

The Cocos Keeling Islands can offer crisp blue skies, fine white beaches all set in a lush tropical environment. You can explore the surrounding reefs and get close and personal with the amazing marine life or while away your time relaxing in privacy on many of the beautiful deserted beaches. Enjoy the space and opportunity to escape to your own island for a day!

With a population of around 550, this destination will not offer hustle and bustle, nor attract the shop-a-holic but if you are interested in an unspoiled, quiet, safe, relaxed and friendly place, you cannot look past the Cocos Keeling Islands!

## WEATHER

The temperature rarely exceeds 32 degrees or falls below 20 degrees Celsius. The islands experience two main seasons that often overlap: the trade wind season from May/June to September/October, and the calmer doldrum season from November through to May.

# COCOS KEELING ISLANDS

Cocos Keeling Islands accommodation is predominantly found on the tourist hub of West Island and varies from motel style to bungalows. ## Cocos Islands Adventure Tours

### Motorised Outrigger Canoe Tour

From \$125 per adult, \$75 per child

**Duration: 4 hours**

Visit some of the uninhabited islands in the shallow Southern end of the lagoon and enjoy having your own desert island. Spot baby reef sharks in the shallows or look for octopus and young turtles or just enjoy watching the colourful tropical fish just beneath the surface. Each couple drives their own motorised canoe. Don't worry, the canoes are so easy to drive that even kids can do it. Drinks and nibbles are provided on one of the islands.

- Ask us about hiring kayaks and stand-up paddle boards!

## Cocos Dive

### Dive Tour

From \$190 per person

**Duration: Full day** (Min. 2 pax)

Diving the Cocos Keeling Islands is a year round activity. The water temperature averages between 26°C during the cooler months of July through to October and 29°C during the warmer months of December through to May. Occasionally, a colder thermocline may drop the water temperature down to a "chilly" 25°C!

Visibility on most dive sites averages 20-30 metres. Most of the dive sites are suitable to any level of experience. With only 1 dive operator with a maximum of 10 divers on any trip, makes diving on Cocos a fantastic experience. Uncrowded waters and only small groups means you never come across busy dive sites.

With over 30 regularly visited sites, there is always something different to see and Cocos Dive is always discovering more dive sites!

The waters surrounding the atoll teem with spectacular marine life, pristine coral gardens, soft leather corals, cabbage like hard corals and delicate gorgonian fans. Sharks, manta rays, dolphins, tunas, turtles, brightly coloured marine fish and Kat, the lone dugong are regularly seen whilst diving.
